

Research Survey Distribution Guidelines

COA and CORS members are eligible to submit research survey requests for distribution to the membership through the COA Dispatch–Research Edition. Submitters and/or PIs are required to be members in good standing of the COA or CORS unless special consideration is granted by the survey review committee.

Please fill out the following form to include the information below:

- the title of the research project
- the centre(s), universities conducting the research
- a brief description of the research project;
- the contact information of the primary researcher;
- the project's funding source;
- the target participant demographics (who should complete the survey?);
- the survey direct link;
- the survey participation deadline.

Along with your submission, please include a copy of the research project's ethics approval. **Only projects that have already obtained proper ethics approval will be considered for inclusion in the COA Dispatch–Research edition.**

All projects and survey requests are subject to approval by the Canadian Orthopaedic Research Society (CORS) Executive. Research survey requests will appear in 2 editions of the COA Dispatch–Research Edition. For more information, contact cors@canorth.org.

Title of the research project:

Centre(s) or Universities conducting the research:

Brief description of the research project:

Contact Information of the primary researcher:

Name:

Email:

Project's funding source:

Target participant demographics to complete the survey:

Practicing orthopaedic surgeons in Canada

Retired members

Orthopaedic residents in Canada

Overseas or US-based members

Fellows in orthopaedic training in Canada

Other. Please specify:

Research affiliates

Survey direct link:

Survey participation deadline:

A copy of the research project's ethics approval is attached.

A list of the survey questions is attached as a Word or PDF document.
