

**COA ANNUAL MEETING LUNCH N' LEARN SESSION**  
June 14, 2024, 12:45 – 13:45, Room 608/609

## **INNOVATIVE NON-OPERATIVE STRATEGIES IN MSK PATIENT CARE**

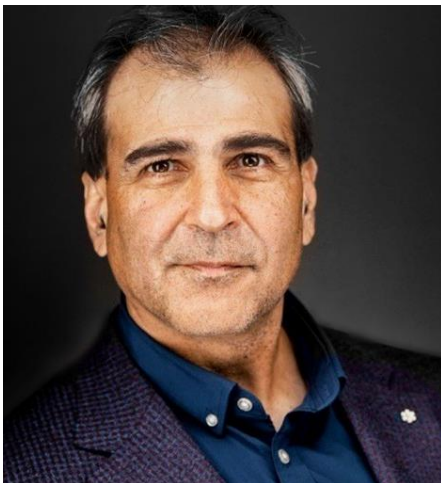

Dr. Mohit Bhandari invites you to Dr. Femi Ayeni's presentation of the ECHO study, exploring Cingal injections in hip osteoarthritis.

### Session objectives:

1. Present the results of the ECHO study, an innovative approach for patients suffering from hip OA and review the impact on your orthopaedic practice.
2. Challenge the status of HA in the treatment of non-operative MSK disorders.
3. Review the evidence and appraise the use of HA injections in soft tissue injuries.

*This session is non-accredited and not eligible for CME or MOC.*

### OUR EXPERT PANEL:

**Mohit Bhandari, MD,  
PhD, FRCSC**  
Professor, Surgery
