Maximizing Efficiencies in Today's Orthopaedic Landscape: Implant, Systems and Data Lunch and Learn

Halifax, NS

ZIMMER BIOMET
Institute

Course Overview

Grounded in our clinically proven implants, Zimmer Biomet is helping reshape the future of orthopaedic care with unique solutions and technologies aimed at driving efficiencies inside and outside of the operating room.

Join us to hear surgeon faculty share their clinical experience with cementless total knee arthroplasty, increasing patient throughput through system wide change, and how integrated digital technology can provide data insights that assists with and simplifies the patient experience.

This session is not accredited. Attendees of the session are not eligible to claim CME or MOC credits for participation.
